

IMPACT AID – SECTION 8003 APPLICATION INFORMATION

Impact Aid (Title VIII to Public Law 107-110) was enacted in 1950 as a reform program to replace temporary payments intended to enable local school districts to provide education for the children who live on federal property or have parents/guardians who work on federal property.

Title VIII authorizes a direct general aid payment to the impacted school district's general fund for the maintenance and operation of the educational program. This funding pays the salary of fourteen teachers, fifteen classified personnel and supports education programs, construction of and general maintenance of the facilities and equipment purchases.

General information on the Impact Aid, Section 8003 application is as follows:

- Seventy-four students with disabilities resided on eligible Indian lands. (Fort Yuma/Quechan Indian Reservation)
- Three students resided on Federal property on which parents are employed. (Imperial Dam Camp)
- Six hundred and four students resided on eligible Indian lands. (Fort Yuma/Quechan Indian Reservation)

Membership and Average Daily Attendance Data

Total number of children enrolled in the preceding school year (824) and the current school year (825) on the respective survey date.

- Total number of children in the applicant's district – 825

The average daily attendance is defined as the aggregate number of days in attendance of all students during a school year divided by the number of days school is in session during that year.

- Regular school year ADA of all children – 727.48
- Total federally connected children claimed for the current year - 692
