## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### Principal's Message

I'd like to welcome you to San Pasqual Valley High School's Annual School Accountability Report Card and thank you for taking time to explore it. Since coming aboard as principal, I've been excited and inspired by the amazing effort put forth by students and staff alike to make SPVHS a stronger, richer, more dynamic community. Our strong sense of mission and pride are derived from generations of strong Warrior graduates laying a foundation strengthened by diverse cultural traditions as well as the belief in the abilities and faith in the opportunities for each succeeding generation.

"When you are in doubt, be still, and wait; when doubt no longer exists for you, then go forward with courage" These words of Ponca Chief White Eagle embody the focus of our efforts here at San Pasqual Valley High School. We are a community dedicated to the idea of preparing our young men and women to "go forward with courage". It is our belief at San Pasqual Valley High School that our students can and will excel in an environment that is tailored to their evolving needs and interests. We continue to provide the tools and encouragement for students to be able to accomplish personal and academic goals.

### Our Mission:

The mission of San Pasqual Valley High School is to empower and inspire all students by providing a unique, individualized, and inclusive education in order to become productive citizens in the global community.

### Our Vision

Every student who attends San Pasqual Valley High School will be empowered with a strong sense of self and purpose. Each student will graduate from high school ready for college and career, and equipped with the skills and capabilities for a school to work transition.

### Our Student Learner Outcomes

San Pasqual Valley High School is committed to developing students who meet the California Academic Standards and are able to:

Engage as self-reliant partners in their own learning, goals and decisions  
Communicate effectively, creatively, and articulately

## 2022-23 School Overview

Observe closely, think critically, and explore ideas through a lens of equity  
Utilize research and evidence to analyze and synthesize information  
Maintain social, emotional, and mental health empowered to be self-advocates who demonstrate positive choices.  
Respect diverse cultures and model empathy, inclusion, and integrity as positive citizens of the local and global community  
Problem solve, persevere, and embrace technology, innovation, and collaboration

We believe all students can learn. We believe each student to be self-worthy. We believe each student deserves to be respected. We believe in striving for excellence. We believe that students have the right to learn. We believe that teachers have the right to teach. We continue to look for new and innovative ways to expand our student's education. We are expanding access to online learning through both credit recovery and distance learning programs, we have begun both Robotics and Coding courses as well as new AP offerings in US History.

### Community & School Profile

San Pasqual Valley Unified School District is located in Imperial County near the Arizona border. The district is comprised of one elementary school, one middle school, one comprehensive high school, and one alternative education high school. During the 2022-2023 year, the high school educated 205 students. San Pasqual Valley Unified School District is committed to providing a quality education for all its students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Pasqual Valley Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program and provides students with their own textbooks. San Pasqual Valley Unified School District held a Public Hearing on September 13, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English learner students, are provided their own individual standards-aligned instructional materials in core subjects for use in the classroom and to take home.

All textbooks and instructional materials used within the district are aligned with the California State Content Standards and Frameworks and have been selected from the state's most recent list of standards-based materials.

San Pasqual Valley Unified School District follows the California Department of Education Instructional Materials adoption cycle to ensure that instructional materials are relevant and up-to-date. Selection criteria is based on state and district standards, reviewed per the state list, and recommendations made to the Board of Trustees for final adoption. The selection process is uniform district wide in order to assure continuity and consistency throughout the instructional program. The table displays information collected in September about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

San Pasqual Valley High School was built more than 30 years ago. Facilities are situated on 0.7 acres and span 48,315 square feet. They include 18 permanent classrooms, a library, two computer labs, gymnasium, staff room, and athletic fields. In 2012, a new wing with classrooms and a restroom facility were added. Currently, a new gym with locker rooms, lobby, wrestling room and weight room are under construction. The facility strongly supports teaching and learning through its ample classroom.

### Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

### Cleaning Process and Schedule

The district has cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	39	N/A	25	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	7	N/A	7	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 Career Technical Education Programs

It is the goal of San Pasqual Valley High School that students understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs focus on preparing students to think conceptually, communicate effectively, and apply skills in real-world contexts. Curriculum and instructional strategies that foster rigor, critical thinking, problem solving, leadership, and academic skills are consistently taught to the students to ensure work-readiness skills. We are offering Arizona Western College Art History 141, English 101 and English 102 credits to our seniors.

San Pasqual Valley High School's Career Technical Education program offers a Ag Careers based pathway. Courses available to San Pasqual Valley High School students include: Agriculture Fabrication and Agricultural Science. All courses satisfy the graduation requirements and standards as elective and/or core courses. Student success in competitions which serve as means of evaluating the effectiveness of the courses. The Ag teacher provides counseling and guidance through out the program. The school also take students on field trips to Yuma, Arizona to observe and shadow professionals in various fields. For questions regarding the school's CTE program, please contact the school.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents and the community are highly supportive of the educational programs at San Pasqual Valley High School.

Parents may participate in the School Site Council, DELAC, DIPAC, Title VII Parent Committee, Back to School Night, and FFA Community Advisory Board.

Quarterly Parent Information Meetings are held in the HS Library, addressing attendance, college applications and mandated testing issues so parents can support student success.

Senior Parent Meetings provide parents with updates on scheduled Senior activities and important benchmark dates.

Numerous programs and activities are enriched by the generous contributions made by the following organizations:

- American Legion Post 802
- Quechan Tribe
- Arizona Western College
- Paradise Casino
- Imperial Valley College

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Safety of students and staff is a primary concern of San Pasqual Valley High School. Visitors are required to check in at the school office upon arrival and required to return to the school office upon departure. During lunch, recesses, and before and after school, school staff supervise students and school grounds to ensure a safe and orderly environment. The comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. The School Safety Plan is fully integrated with the larger plan governing the district.

San Pasqual Valley High School includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures. School transportation is provided to all San Pasqual Valley High School students each day.

The school evaluates the plan annually and updates it as needed. Safety procedures, including elements of the Safe School Plan, are reviewed with school and district staff in the fall, at the start of each school year. The most current plan was Board approved in February 2022.

## Professional Development

The Site Leadership at SPVHS, in an effort to support sustainable student achievement which is responsive to the ever changing educational landscape, has developed and implemented a staff development plan for the staff members of SPVHS. This plan identifies long term goals for each Department which align with the long term vision of the school and District while meeting the short term objectives most appropriate for the departments.

### Staff Development Vision:

The teaching staff at SPVHS will develop rigorous and meaningful lessons and assessments for the students at SPVHS which will further their academic and personal/social development as they move toward their graduation and plan for life beyond high school.

### Alignment:

San Pasqual Valley High School's Professional Development Plan is aligned with supporting governing documents which provide structure to our discussion and planning efforts, and help prioritize our school's staff development goals.

### Primary Focus:

The primary areas of focus for staff development for San Pasqual Valley High School are the utilization California Common Core Standards in English Language Arts & Social Sciences through Project Based Learning, NGSS, Mathematics, and Career & Technical areas for education. Additional focus on the development of STEM based educational programs is also integrated into the staff development plan.

### Access:

On-site staff development training offered by EQED and publisher-based training are sought out, identified and provided to all appropriate course related certificated staff. Conference attendance and school workshops before the beginning of the school year are offered as well. Additional opportunities for professional development are made available to support instructional programs in accordance with school plans.

### Support:

San Pasqual Valley Unified School District offers support to new and veteran teachers through peer-to-peer collaboration and coaching as well as training and support from EQED.

Teachers are supported utilizing teacher-principal meetings and observations, as well as collaborative monthly PLC opportunities. Throughout the year teachers and staff have opportunities to attend Common Core training, ERWC training, after school workshops, and course specific conferences throughout the state.
