School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Principal's Message

I'd like to welcome you to San Pasqual Valley High School's Annual School Accountability Report Card and thank you for taking time to explore it. Since coming aboard as principal, I've been excited and inspired by the amazing effort put forth by students and staff alike to make SPVHS a stronger, richer, more dynamic community. Our strong sense of mission and pride are derived from generations of strong Warrior graduates laying a foundation strengthened by diverse cultural traditions as well as the belief in the abilities and faith in the opportunities for each succeeding generation. These strengths were in evidence during our 2016 WASC Accreditation Mid-Term Visit in 2016, which resulted in our continued full Accreditation through June of 2019.

"When you are in doubt, be still, and wait; when doubt no longer exists for you, then go forward with courage" These words of Ponca Chief White Eagle embody the focus of our efforts here at San Pasqual Valley High School. We are a community dedicated to the idea of preparing our young men and women to "go forward with courage". It is our belief at San Pasqual Valley High School that our students can and will excel in an environment that is tailored to their evolving needs and interests. We continue to provide the tools and encouragement for students to be able to accomplish personal and academic goals.

Mission Statement

To help each student develop skills and attitudes necessary to be successful in school and society. To achieve this mission, we will:

- Provide a wide variety of learning strategies, experiences, and support services to promote student learning.
- Provide positive recognition through academic, citizenship and athletics.
- Provide a safe and orderly environment for all students and staff.
- Promote respect of self, others, and property.

We believe all students can learn. We believe each student to be self-worthy. We believe each student deserves to be respected. We believe in striving for excellence. We believe that students have the right to learn. We believe that teachers have the right to teach. We continue to look for new and innovative ways to expand our student's education. We are expanding access to online learning through both credit recovery and distance learning programs, we have begun both Robotics and Coding courses as well as new AP offerings in Art and US History.

Community & School Profile

San Pasqual Valley Unified School District is located in Imperial County near the Arizona border. The district is comprised of one elementary school, one middle school, one comprehensive high school, and one alternative education high school. During the 2014-15 year, the district educated 759 students within its schools. San Pasqual Valley Unified School District is committed to providing a quality education for all its students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: 09/16/16

San Pasqual Valley Unified School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school’s instructional program and provides students with their own textbooks. San Pasqual Valley Unified School District held a Public Hearing on September 16, 2016, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English learner students, are provided their own individual standards-aligned instructional materials in core subjects for use in the classroom and to take home.

All textbooks and instructional materials used within the district are aligned with the California State Content Standards and Frameworks and have been selected from the state’s most recent list of standards-based materials.

San Pasqual Valley Unified School District follows the California Department of Education Instructional Materials adoption cycle to ensure that instructional materials are relevant and up-to-date. Selection criteria is based on state and district standards, reviewed per the state list, and recommendations made to the Board of Trustees for final adoption. The selection process is uniform district wide in order to assure continuity and consistency throughout the instructional program. The table displays information collected in September about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

San Pasqual Valley High School was built more than 30 years ago. Facilities are situated on 0.7 acres and span 48,315 square feet. They include 18 permanent classrooms, a library, two computer labs, gymnasium, staff room, and athletic fields. Recent projects included replacing one wing with new classrooms and a restroom facility built from the ground up, completed February 2012. The facility strongly supports teaching and learning through its ample classroom.

Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

Cleaning Process and Schedule

The district has cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

English Language Arts/Literacy	32	17	19	20	44	48
Mathematics	5	6	7	8	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in ELA by Student Group
Grades Three through Eight and Grade Eleven (School Year 2015-16)**

Students Receiving Migrant Education Services	11	--	--	--	--
Foster Youth	11	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Career Technical Education Programs (School Year 2015-16)

It is the goal of San Pasqual Valley High School that students understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs focus on preparing students to think conceptually, communicate effectively, and apply skills in real-world contexts. Curriculum and instructional strategies that foster rigor, critical thinking, problem solving, leadership, and academic skills are consistently taught to the students to ensure work-readiness skills.

San Pasqual Valley High School’s Career Technical Education program offers a variety of career-path related Regional Occupational Program (ROP) classes. ROP Courses available to San Pasqual Valley High School students include: Agriculture Fabrication and Agricultural Science. All courses satisfy the graduation requirements and standards as elective and/or core courses. Student success in competitions and obtaining certificates serve as means of evaluating the effectiveness of the courses. The ROP teacher provides counselling and guidance through out the program. The ROP teachers also take students on field trips to Yuma, Arizona to observe and shadow professionals in various fields. For questions regarding the school’s ROP program, please contact the school.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents and the community are highly supportive of the educational programs at San Pasqual Valley High School. Parents may participate in the School Site Council, DELAC, Title VII Parent Committee, Back to School Night, and FFA. Numerous programs and activities are enriched by the generous contributions made by the following organizations:

- American Legion Post 802
- Quechan Tribe
- Arizona Western College
- Paradise Casino
- Imperial Valley College
- Yuma Daily Sun

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2016-17)

The safety of students and staff is a primary concern of San Pasqual Valley High School and the San Pasqual Valley Unified School District. Visitors are required to check in at the school office upon arrival and required to return to the school office upon departure. During lunch, recesses, and before and after school, one full-time and one part-time safety supervisor oversee students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment. The comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997.

The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures. The school evaluates the plan annually and updates it as needed. Safety procedures, including elements of the Safe School Plan, are reviewed with school and district staff in the fall, at the start of each school year. The plan was last updated and reviewed with school staff in September of 2015.

Professional Development (Most Recent Three Years)

The Site Leadership at SPVHS, in an effort to support sustainable student achievement which is responsive to the ever changing educational landscape, has developed and implemented a staff development plan for the staff members of SPVHS. This plan identifies long term goals for each Department which align with the long term vision of the school and District while meeting the short term objectives most appropriate for the departments.

Staff Development Vision:

The teaching staff at SPVHS will develop rigorous and meaningful lessons and assessments for the students at SPVHS which will further their academic and personal/social development as they move toward their graduation and plan for life beyond high school.

Alignment:

San Pasqual Valley High School's Professional Development Plan is aligned with supporting governing documents which provide structure to our discussion and planning efforts, and help prioritize our school's staff development goals.

Primary Focus:

The primary areas of focus for staff development for San Pasqual Valley High School are the California Common Core Standards in English Language Arts, Science, Social Sciences, Mathematics, and Career & Technical areas for education. Additional focus on the development of STEM based educational programs is also integrated into the staff development plan.

Access:

Staff development and Webinar training offered by the county office of education and the California State Department of Education are sought out, identified and provided to all appropriate course related certificated staff. Conference attendance and school workshops before and after school are offered as well. Additional opportunities for professional development are made available to support instructional programs in accordance with school plans.

Support:

San Pasqual Valley Unified School District offers support to new and veteran teachers through the Beginning Teacher Support and Assistance (BTSA) program. The program is designed to improve the education provided to all students by increasing teacher effectiveness.

Teachers are supported utilizing teacher-principal bi-weekly meeting, and observations, as well as collaborative bi-weekly PLC opportunities. Throughout the year teachers and staff have opportunities to attend Common Core training, after school workshops, and course specific conferences throughout the state.
